

Membership Form Notes

- 1) Your details need to be input into a computer database which then creates your unique membership number and password for the website.
- 2) Your personal details are never passed onto any third parties without your written consent. However we may use unidentifiable information, such as ethnic group, sexuality, age and location in order to secure funding.
- 3) You do not have to complete any field which does not have a * at the side of it. However, by completing these additional fields, we are able to provide services and events that best suit our membership group.
- 4) Please provide as much information as you feel comfortable to do so in the "further information" field. Please see the examples given in this field.
- 5) As a non-for profit, voluntary organisation we rely heavily upon donations from those wishing to join The DALAFO. Your membership donation means we can continue our work and provide services for LGBT families. If, for whatever reason, you are unable to make a donation, please contact us. We will not discriminate against anyone based on their ability to make a donation.
- 6) Membership is per household, individual, family, business or group. It is renewable annually and you will be sent a reminder when your membership is due.
- 7) Please make all cheques and postal orders payable to The D'Arcy Lainey Foundation and not to the project/s you wish to join.
